Welcome

to Thailand's No.1 Youth Football Tournament The Bangkok International Supercup 2027 - Summer Edition

From its inception in 2008 the Bangkok Supercup has grown to become one of the top International Youth Football Tournaments in Asia. Now in it's 19th year, the competition targets elite level teams and offers academies a unique opportunity to compete against some of the regions top teams at the bi-annual event, June's tournament features teams from u8, u10, u12, u14 & u16 age groups while December's Winter Edition of the Bangkok Supercup features the u7, u9, u11, u13 & u15 age groups.

In June 2027 iPlay Soccer Schools will host the Winter Edition of the Bangkok International Supercup. Kicking off early Saturday morning, we are once again privileged to use the extensive facilities of the Thailand FA's National Training Centre at Nong Chok.

The tournament will finish at 3:30pm on Sunday afternoon and will be followed by the trophy presentation to all teams.

Similar to the December (Winter) Edition, the competition is expected to feature over 1200 players but as always we won't let that impact the quality of the footballing experience. In fact, the Summer Edition of the tournament will feature even more football than ever, with all teams playing a minimum of eight games over the course of the weekend.

We hope that by focusing on creating a top quality football experience for all participants, we will continue towards our goal to make the Bangkok Supercup the number one youth tournament in Asia.
